¹ For internal accounting purposes, Coursera will allocate 70% of these fees for Content Services and 30% for User Services.

1. Term and Renewal Fees. The Term of this Order Form will be **three (3) years** from the License Start Date. Upon expiration of the Term, Users holding a User License and/or Enrollment shall lose paid access to the Platform (including any uncompleted Courses), unless such User is given a new User License and/or Enrollment pursuant to another purchase.
2. License Start Date. "**License Start Date**" shall mean the date that Coursera gives "super administrator" access to Organization, which shall give Organization the ability to invite Users to access Content Services. The License Start Date shall be evidenced by an e-mail notification to Organization. The Term shall begin as soon as Organization's super administrator has access to the ability to send invitations to Users. If this Order Form is executed after the earliest Start Date listed above, Coursera may adjust the Start Date(s) and End Date(s), without increasing the total price or altering the term length, based on the date Coursera provides super administrator access to the Organization.
3. Transferability. User Licenses are transferable among Users, provided however, Users will lose paid access to all then-enrolled Courses if they are not holding a User License (or other paid Enrollment) through completion of such Courses.
4. Private Authoring. Coursera shall provide private authoring tools and hosting in accordance with the terms set forth in "Exhibit – Authoring Tools Addendum" attached herein.
5. Coursera for Campus Faculty.² As a special benefit, Coursera has agreed not to charge Organization for the Coursera for Campus Faculty Licenses. Coursera for Campus Faculty Licenses shall be allocated to only Faculty of the Organization. The Parties further acknowledge that it is Organization's sole responsibility to allocate paid-for Coursera Coursera User Licenses and Coursera for Faculty Licenses appropriately to its Users. "**Coursera for Campus Faculty License**" shall mean the right for a single Faculty to access the Content Services under Coursera's Coursera for Campus catalog for an unlimited number of Enrollments. "**Faculty**" shall mean a User who is a faculty member employed by the Organization, and who conducts courses at such Organization, and shall not include students of the Organization.
6. Users- Organization is procuring the User Licenses on behalf of SR University, and hence, the Users of only SR University will be assigned the User Licenses. Organization shall be liable for any breach of this Order Form by Users or SR University.

[remainder of page intentionally blank]

² The Parties agree that Coursera for Campus Faculty is being offered as a limited time incentive. The parties acknowledge that the Coursera for Campus Faculty offer may be revised or rescinded at any time prior to this Order Form being fully executed by both Parties.

TERMS AND CONDITIONS

1. Obligations.

a. As of the License Start Date (as defined herein and as further detailed in the attached Statement of Work), Coursera grants to Organization and its users ("**Users**") a non-exclusive, non-transferable, revocable right to access and use the User Services and Content Services (collectively, "**Services**") subject to the terms and conditions set forth in this Order Form. It is intended that Users are registered students and/or faculty members of Organization. "**User Services**" means (i) customized landing page featuring the Organization logo and selected courses, (ii) User engagement reports, (iii) payment solution(s) that allow Users to seamlessly access premium course experiences and skip checkout, and (iv) enterprise-level User support. "**Content Services**" means access to Coursera's Course and/or Specialization certificate service, including access to Course assessments and grades, for certain massive online open content offerings to be mutually agreed upon in writing by Coursera and Organization. "**Courses**" or "**Specializations**" means courses and specializations from the world's top universities and instructors, for consumption via the proprietary platform developed by Coursera ("**Platform**"). "**User License**" means the right for a single User to access the Content Services for an unlimited number of Enrollments. "**Enrollment**" means registration to participate in a single Course, and such Enrollment shall be deemed used once a User registers for a Course and does not either (i) manually opt out or (ii) automatically unenrolled due to low activity, in both cases during the trial period. If a Course or Specialization becomes unavailable prior to the end of the Term, Coursera may replace such Course or Specialization with a reasonable alternative Course or Specialization. The Courses and Specializations offered in the Coursera for Campus catalogue are determined by such factors as availability, pricing, and/or other restrictions. As of the date hereof, Stanford and the University of Pennsylvania are not available to Organization through Coursera for Campus. "**LMS Integration**" shall mean that Coursera will configure the Coursera for Campus API's data exchange to the specifications for Organization's learning management system ("**LMS**") to enable the LMS to sync with the Coursera for Campus APIs. "**LMS Maintenance**" for such LMS Integration shall include addressing defects and apparent bugs, release management, and guidance in setup and administration. Maintenance shall not include integration with a different LMS provider or additional development work that may be required as a result of Organization's LMS customization or a significant LMS version release. The Parties will mutually agree on the scope of ongoing LMS maintenance. Organization shall reasonably and timely provide Coursera with all requested materials, APIs, systems information, and any other cooperation necessary to allow the LMS Integration to be implemented (including testing and debugging).

b. If Organization has opted to (1) create a learning plan for its users or (2) implement Single Sign-On ("**SSO**"), Organization shall reasonably and timely provide Coursera with all requested materials, APIs, systems information, Course and/or Specialization choices, and any other cooperation necessary to allow the Platform to be implemented (including testing and debugging) on or before the License Start Date. If no learning plan is chosen, Organization's unrestricted access to Coursera's full catalogue shall include Courses and Specializations available to Coursera for Campus (excluding any content for which creators have opted out of the Coursera for Campus catalogue, and industry and credit-eligible and/or credit-bearing university certificate programs).

c. Organization will collaborate with Coursera to jointly market and promote the relationship contemplated by this Order Form as well as the value of Coursera services to Organization. Coursera may, in accordance with Organization's branding guidelines, use Organization's name and logo(s) to list Organization as a customer and create mutually acceptable case studies highlighting the relationship of the Parties. Coursera may identify Organization and provide the number of participating Organization Users to the creators and instructors of Courses and/or Specializations ("**Course Creators**") accessed by Organization's Users. Organization may, in accordance with Coursera's branding guidelines (found here <https://about.coursera.org/brand-guide>), use Coursera's name and logo(s) to promote this Order Form to their Users and on Organization's campus, provided that Coursera reserves the right to withdraw such permission in Coursera's sole discretion and request removal of Coursera's branding features (including any and all logos) immediately upon request and in no case later than two (2) business days. In addition, the Parties may, subject to mutual agreement as to the specific content, issue joint publicity materials, including, but not limited to, press releases. Other than as set forth herein, neither Party will, without the prior written approval of the other Party, issue any public statements or promotional materials disclosing the existence of this Order Form or the performance of Services hereunder. Without limitation of the foregoing, Organization shall not engage in any misleading communications that might state or imply that any Course Creators endorse, support, or have partnered with Organization. Organization shall provide conspicuous notice to Users that completion of Courses or Specializations does not provide Users with academic credit from the Course Creators. Organization shall not use any logos or other branding elements of a Course Creator, provided that Organization may make factual statements about the availability of Courses and Specializations using plain text.

d. The Parties will cooperate to ensure each User's compliance with Coursera's user policies. Each party will respect the confidentiality and privacy of such User data and operate in accordance with applicable law with respect to its use and handling of same. The data protection terms located at the following link shall be incorporated into this Order Form: <https://www.coursera.org/about/privacy/data-protection-addendum>.

e. The rights set out in Section 1(a) do not include the right to, and Organization will not (either directly or indirectly): (i) copy, sublicense, rent, lease, barter, swap, resell, or commercialize the Platform, Courses, or Specializations, in whole or in part; (ii) transfer, transmit, enable, or allow access to or use of the Platform, Courses, or Specializations, whether in whole or in part, by any means, to a third party; (iii) create external derivative works of the Platform, Courses, or Specializations; (iv) use the Platform, Courses, or Specializations in any manner that is fraudulent, deceptive, threatening, harassing, defamatory, unlawful, illegal, obscene, or otherwise objectionable in Coursera's reasonable discretion; (v) "crawl," "scrape," "spider," or otherwise copy or store any portion of the Platform, Courses, or Specializations for any purpose not contemplated under this Order Form (e.g., in order to mimic the functionality and/or output of the Platform, Courses, or Specializations, in whole or in part); (vi) disassemble, reverse engineer, decompile, or otherwise attempt to obtain the source code or underlying logic of any portion of the Platform, Courses, or Specializations; (vii) use the Platform, Courses, or Specializations as part of any machine learning or similar algorithmic activity; or (viii) publish or distribute the Platform, Courses, or Specializations, or materials derived from the Platform, Courses, or Specializations, to third parties.

2. Intellectual Property. Coursera retains all rights, titles, and interests in and to the Platform, Courses, and Specializations and improvements thereto, together with any tools, materials, specifications, guidelines, and instructions provided by Coursera to Organization, as well as all intellectual property rights, including all copyrights, trademarks, patents, rights in databases, goodwill, trade secrets, and moral rights. Organization will not remove, obscure, or alter any copyright or trademark notices or other notices provided in or through the Platform, Courses, or Specializations. Any rights not expressly granted to Organization in this Order Form are reserved by Coursera.

3. Fees and Billing. Coursera will invoice Organization for the Fees set forth herein as per the Invoice Schedule. Organization will pay the invoice on the payment terms set forth in this Order Form. If Organization is claiming tax exempt status, Organization shall provide sufficient evidence of tax exemption status from applicable state, federal, and local taxes. In the event of any assessment by a taxing authority, both Parties agree to cooperate with each other to resolve issues in order to minimize such assessment.

Organization acknowledges that: 1) Coursera and the Course Creators do not represent or warrant that the content meets any accreditation or regulated learning time standards; 2) Coursera and the Course Creators will not be responsible to update Organization on any substantive changes or availability of content; and 3) Coursera and the Course Creators do not guarantee the availability of the content.
