

Innovating Connections for a Smart Future

Empowering minds
to build tomorrow's
networks

Electronics & Communication Engineering

Established in 2002, the ECE Department at SR University has grown into a leading center for education and research, with over 1,500 students enrolled annually across B.Tech, M.Tech, and Ph.D. programs. Renowned for its expert faculty, state-of-the-art labs, and global collaborations, the department offers cutting-edge programs in AI, VLSI Design, and IoT. Major research projects include funding from ISRO, MeitY's C2S scheme, and the Prime Minister's Early Career Research Grant, reflecting its commitment to innovation and excellence in electronics and communication engineering.

Salient Features

- Contemporary Curriculum designed in accordance with AICTE guidelines and evolving technological trends.
- Well-Equipped Laboratories in VLSI, embedded systems, communication systems, IoT, signal processing, and AI applications.
- Project-Based Learning emphasizing hands-on design, simulation, and prototyping using industry-relevant tools.
- Regular Industry Engagement through guest lectures, industrial visits, workshops, and technical fests.
- Experienced Faculty with expertise in teaching, research, and industry collaborations.
- Centers of Excellence and innovation hubs focused on emerging domains like AI, IoT, and 5G.
- Skill Development Initiatives through value-added programs, certifications, and competitive project exhibitions.
- Robust Placement Support with opportunities in top tech companies, core electronics firms, and interdisciplinary domains.
- Academic & Industry Collaborations with leading organizations to promote research, internships, and career advancement.

Programmes Offered

Bachelors

- B.Tech. - Electronics and Communication Engineering
- B.Tech.(ECE) - Artificial Intelligence and Machine Learning
- B.Tech.(ECE) - VLSI Design
- B.Tech.(ECE) - Robotics and Automation

Masters

- M.Tech. (Embedded System)
- M.Tech. (Electronic Design Technology)
- M.Tech. (VLSI)

Doctoral

Ph.D. - Electronics and Communication Engineering

INTERNATIONAL ENGINEERING PROGRAM (IEP)

Make your choice:

3+1

Year 1, 2 & 3 - Study
at SR University
Year 4 - Study at
Partner Universities, USA

2+2

Year 1 & 2 Study
at SR University
Year 3 & 4 Study at
University of Missouri, USA

Faculty from world-class universities, including IITs, NITs, and IIITs.

Dr. Sandip Bhattacharya
Professor
Postdoc in Japan

Dr. Mukesh Kumar Sharma
Associate Professor
Postdoc in Singapore

Dr. Biswajit Mahanty
Associate Professor
Postdoc in South Korea

Dr. Partha Pratim Shome
Assistant Professor
Ph.D. from NIT Silchar

Dr. Raushan Kumar
Assistant Professor
Ph.D. from NIT Jamshedpur

Dr. Thaherbasha Shaik
Assistant Professor
Ph.D. from VIT-AP

Dr. Rebelli Shashank
Assistant Professor
Ph.D. from NIT Warangal

Dr. Kalpelli Sagar
Assistant Professor
Ph.D. from NIT Warangal

Dr. Allam Akshaykranth
Assistant Professor,
Ph.D. from NIT Warangal

Academic Highlights

- Project-based curriculum which caters to industry needs. Students can participate in Hackathons, Competitions & Maker-spaces to hone their practical skills. Workshops on industry relevant topics happen all the time
- Flexibility to set your own schedule or the sequence of courses to tailor to your interests. You can also pursue minors in other departments
- Cutting-edge industry relevant courses:
 - **Artificial Intelligence & Machine Learning**
 - **Embedded Systems**
 - **Robotics and Automation.**
 - **VLSI**
- Excellent award winning and caring faculty are available to you to help you learn new technologies and guide you in your career
- The iScholars program offers interdisciplinary experiential learning opportunities for SRU students to equip them with the knowledge, skills, and confidence needed for professional life after graduation. The program is designed to make students industry-ready and resilient for their future career.
