

Holistic Admissions Process

Your uniqueness matters

Unlike a rigid cut-off criteria, SR University's admissions process embraces a holistic approach, carefully evaluating each application within its distinct context. Applicants are assessed based on their academic dedication, involvement in extracurricular activities, personal interests, and potential, taking into account their unique life journeys and individual circumstances.

Message from the **FOUNDER**

He is a pioneer in providing quality education and his efforts have transformed the lives of many youngsters. A man known for discipline and vision; Sri Varada Reddy has been serving the field of education since 1976. With his unstinted efforts, SR has become a trusted brand name in Telangana. Under his leadership, 95 educational institutions, including schools, junior colleges, degree colleges and professional colleges across Telangana and Andhra Pradesh are fostering excellent standards of education to young minds, shaping them into intellectuals. Sri. Varada Reddy has defined quality consciousness coupled with ethical practices as the DNA of SR group.

STUDY AT A WIDELY ACCLAIMED INSTITUTION

TO WORK WITH
GLOBAL CORPORATE GIANTS

Begin your academic journey with an institution

That provides a student-centric learning environment with roots embedded in academic excellence and pioneering research.

That endows its students with the latest knowledge and skills through the expertise of academic stalwarts and industry doyens.

That facilitates students with world-class research infrastructure to foster innovation, entrepreneurship and instill knowledge-based principles.

That unlocks students' potential with ample opportunities and empowers them to become competent global professionals.

School Insights

School of Sciences and Humanities is one of the schools under the canopy of SR University, Warangal, Telangana State, India. It embodies a multi-disciplinary approach, boasting a diverse faculty hailing from distinct disciplines such as Physics, English, Psychology, Cognitive Science, and the Centre for Student Services and Placements (CSSP). It offers graduate, postgraduate and Ph.D programs spanning the realms of sciences and humanities. In addition to that, it serves as a foundational support system for all engineering and management disciplines. In an age where interdisciplinary approaches are increasingly crucial, the school provides a unique blend of knowledge that empowers students to bridge gaps between different fields. By fostering a holistic education that combines the analytical rigor of physics with the communicative finesse of English, we equip our graduates to excel not only in their chosen professions, but also as well-rounded individuals capable of addressing the multifaceted challenges of the present global scenario. Our distinguished faculty forms the backbone of the school, hailing from esteemed institutions like NITs, IITs, and Central Universities. This diverse and accomplished faculty brings a wealth of experience and expertise to the forefront, ensuring a rich learning environment for our students. The School of Sciences and Humanities is comprised of academic departments, each with its own distinct character.
