Online Education

1. Does all programs/courses were completed on time.	Yes
2. Measures taken to complete the syllabus of courses and programs.	The Covid-19 pandemic has brought tremendous change in the education system worldwide. The pandemic has brought extraordinary disruption to higher education institutions locally and globally. From a positive perspective, the pandemic forced the educational institutions, at all levels to shift to e-learning and use online platforms such as Microsoft teams, Google Classroom, Zoom etc. This led to the educators to develop creative initiatives to overcome the limitations of virtual teaching. The University has a well planned academic calendar and strictly adheres to the timelines mentioned in the academic calendar in terms of conduct of academic activities, completion of the syllabus and scheduling the class tests, assignments and end-term examinations that is well monitored by the office of Dean Academics. The University has constituted a separate center named Center for Software Development & Digital Learning (SD&DL) that takes care of digital learning. This center facilitated training for all other faculty members of the institute on online teaching, usage of various online teaching learning tools and LMS platforms. Some of the faculty also attended technology-based teaching programs conducted by different universities. Faculty prepared e-materials for the prescribed and the study materials are uploaded on the LMS portal. The recorded video lectures are made available on LMS portal for those who missed the classes due to some unavoidable circumstances. Some of the faculty followed flipped classroom concept, wherein a day before they uploaded the module what they needed to teach and took online classes which were focused more on discussion on the topic and clearing the doubts of students. Assignments and quizzes were also posted by faculty regularly for continuous internal evaluation of students. The University has created smart class rooms and also provided digital boards to faculty as an alternative to blackboard so that faculty can clearly write and explain the concepts to students which actually provided a live experience of class to them. Students were able to interact with faculty during the sessions and they felt that the online tool has shown the simplest way to chat with faculty for clearing their doubts. The University has also procured a number of cameras to videotape the faculty lectures for live streaming of classes. In addition to the curricular aspects, the University provides mentoring support to the students. With all the above efforts and continuous follow-up, faculty members were able to complete the syllabus of all the courses and programs in time.
3. The period of delay in completion of syllabus (in months).	0
4. The period of delay in conducting exams (in months).	0
