Awareness on the Impact on Social Media

Details of the Event:

Date of the Event : 11-05-2022
Name of the Event : Awareness on the Impact on Social Media
Venue : Govt high school, Hasanparthy Village

Objective:

The primary objective of the Awareness on the Impact on Social Media event organized by SR University National Service Scheme (NSS) at Govt high school, Hasanparthy Village, was to teach children about safe and responsible social media use to protect their privacy and well-being. Such programs encourage critical thinking and media literacy skills, helping children discern reliable information from misinformation or harmful content.

Description:

NSS organized a " Awareness on the Impact on Social Media " drive at Govt High School, Hasanparthy Village, with 27 participants. The program focused on advancing digital literacy by educating children on responsible social media use, promoting online safety, and reducing risks like cyberbullying. It also encouraged positive online behavior through digital citizenship and empowered youth to engage in constructive dialogue and advocacy on social platforms.

Outcome:

The outcomes of a social media awareness program for school children include improved digital literacy, enhanced online safety, promotion of positive digital citizenship, development of critical thinking skills, empowerment and confidence, and increased community engagement. These combined outcomes help create a safer and more positive digital environment, equipping children to navigate and use social media responsibly throughout their lives.

Impact on Society:

Overall, a well-executed social media awareness program for school children can positively influence societal norms around digital communication, contributing to a safer, more informed, and empowered digital society. They were very excited and enthusiastic to know about it. Finally, they promised us to have a friendly usage of social media.
