Awareness On Rain Water Harvesting

Details of the Event:

Date of the Event : 02-11-2022
Name of the Event : Awareness On Rain Water Harvesting
Venue : Gangadevapalli Village
No. of Participants : 33

Objective:

The primary objective of the Rain Water Harvesting event was to educate and promote sustainable water conservation practices in Gangadevapalli Village. The initiative focused on teaching the community about the importance of rainwater harvesting techniques to ensure efficient water use and contribute to long-term environmental sustainability.

Description:

Under the guidance of Mr. K. Ravindar, NSS Coordinator of SR University's National Service Scheme (NSS) Unit-01, the event featured demonstrations on various rainwater harvesting methods and their benefits. Activities included workshops on constructing rainwater collection systems, educational talks about water conservation, and practical sessions on setting up simple harvesting units. Participants were involved in setting up demonstration models in public spaces and providing educational materials to local residents.

Outcome:

The event raised significant awareness about the importance of rainwater harvesting, leading to the installation of rainwater harvesting systems in key locations around Gangadevapalli Village. Participants gained practical knowledge on sustainable water practices, and the community showed interest in adopting these methods. The program inspired villagers to take proactive steps towards water conservation, contributing to better water resource management.

Impact on Society:

The rainwater harvesting drive positively impacted Gangadevapalli Village by promoting water conservation awareness and encouraging sustainable practices. The village saw increased community engagement in preserving water resources, leading to a more sustainable approach to water management. This initiative helped the community understand the long-term benefits of rainwater harvesting, contributing to both environmental and societal well-being.
