## Cancer Awareness Program

### Details of the Event:

| | | |
|---|---|---|
| **Date of the Event** | : | 04-02-2023 |
| **Name of the Event** | : | Cancer Awareness Program |
| **Venue** | : | ZPHS Hasanparthy Govt High School |
| **No. of Participants** | : | 33 |

### Objective:

The "Cancer Awareness Program" aimed to educate participants about cancer prevention, early detection, and treatment options. The primary objective was to raise awareness about cancer-related issues, promote healthy lifestyle choices, and provide information on how to seek medical help and support.

### Description:

On February 4, 2023, the Cancer Awareness Program was held at ZPHS Hasanparthy Govt High School, with 33 participants in attendance. The program included informative sessions on various aspects of cancer, including its types, risk factors, and preventive measures. Health professionals and experts delivered presentations, shared personal stories, and answered questions from participants. Mr. K. Ravindar led the initiative, emphasizing the importance of early detection and healthy living. The event also featured distribution of educational materials and resources to enhance understanding and awareness.

### Outcome:

The program successfully informed participants about cancer, its risk factors, and preventive strategies. Attendees gained valuable insights into how lifestyle changes can reduce cancer risk and learned about the importance of regular screenings and early detection. The event fostered a greater understanding of cancer and its impacts, empowering individuals to make informed health decisions.

### Impact on Society:

The Cancer Awareness Program had a positive impact by increasing awareness about cancer within the community. By providing crucial information on prevention and early detection, the program contributed to improved public health knowledge and encouraged proactive health behaviors. Participants were better equipped to take preventive measures and seek medical advice, which can lead to early diagnosis and improved outcomes for those affected.
