### National Science Day-Fun with Science

#### Details of the Event:

**Date of the Event** : 28-02-2023  
**Name of the Event** : National Science Day-Fun with Science  
**Venue** : Govt. High School, Bavupeta  
**No. of Participants** : 19

#### Objective:

The "National Science Day - Fun with Science" event aimed to celebrate National Science Day by engaging students in enjoyable and educational science activities. The objective was to foster a love for science, stimulate curiosity, and demonstrate the fun and relevance of scientific principles through interactive experiments and activities.

#### Description:

On February 28, 2023, the "Fun with Science" event took place at Govt. High School, Baopet, with 19 participants. The program included a series of hands-on science experiments and demonstrations designed to make learning about science enjoyable and accessible. Activities ranged from simple chemical reactions to physics experiments, all tailored to spark interest and enthusiasm among students. Mr. K. Ravindar facilitated the event, providing explanations and encouraging students to explore scientific concepts through interactive participation.

#### Outcome:

The event successfully engaged participants with science through fun and interactive activities. Students not only learned about scientific concepts but also experienced the excitement of conducting experiments themselves. The hands-on approach helped demystify science and showed how it can be both entertaining and educational.

#### Impact on Society:

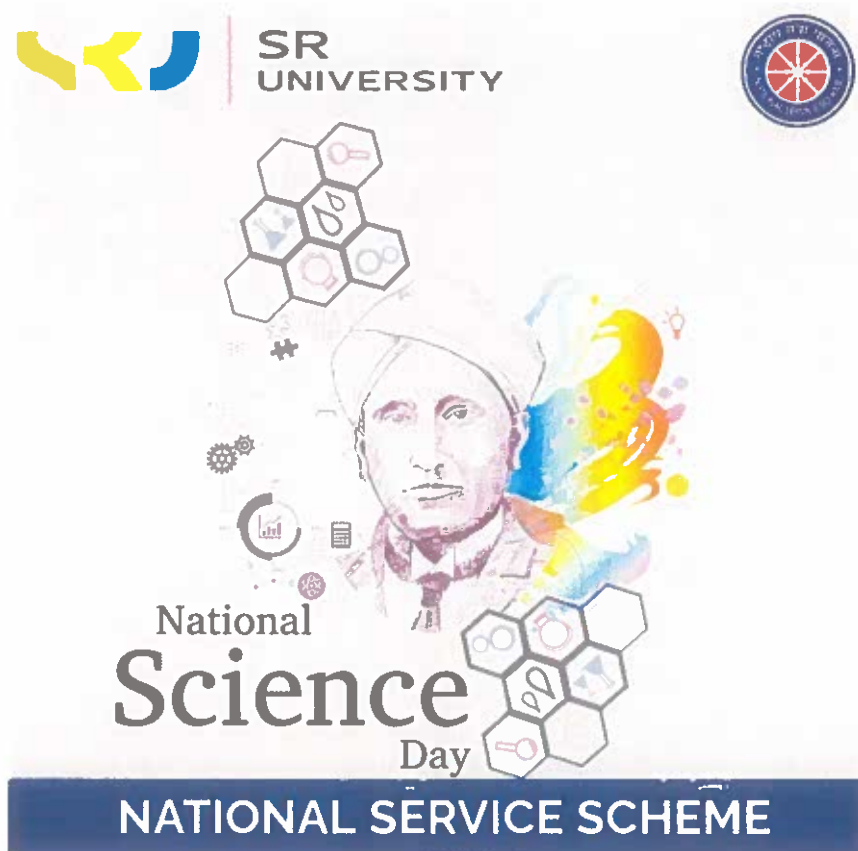

The "Fun with Science" event had a positive impact by inspiring students to develop an interest in science and pursue further learning in the field. By making science accessible and enjoyable, the event contributed to enhancing students' understanding and appreciation of scientific principles. The enthusiasm generated by the event supports the broader goal of fostering a science-literate society and encouraging future scientific exploration.
