## Technological Issues for Youth

### Details of the Event:

**Date of the Event** : 01-08-2022  
**Name of the Event** : Technological Issues for Youth  
**Venue** : Govt School Fort Warangal  
**No. of Participants** : 21

### Objective:

The "Technological Issues for Youth" event aimed to address and explore the challenges faced by young individuals in the digital age. The program sought to provide participants with insights and practical solutions for managing technological issues, including digital addiction, cybersecurity, and online etiquette, thereby promoting safe and balanced technology use.

### Description:

On August 1, 2022, SR University's National Service Scheme (NSS) Unit-1, under the leadership of Mr. K. Ravindar, organized a focused workshop at Government School, Fort Warangal. The event, attended by 21 participants, delved into various technological issues affecting youth. It featured informative sessions on topics such as managing screen time, recognizing and preventing online threats, and practicing responsible digital behavior. The interactive workshop included discussions, practical demonstrations, and Q&A sessions to address participants' concerns and equip them with valuable skills for navigating the digital world safely.

### Outcome:

- Immediate Results:** Participants gained a comprehensive understanding of key technological issues and practical strategies for managing them. The event facilitated open discussions and problem-solving, resulting in actionable takeaways for participants.
- Long-Term Benefits:** The knowledge and skills acquired are expected to empower participants to make informed decisions about their technology use, improving their digital well-being and enhancing their ability to protect themselves from online risks.

### Impact on Society:

- Enhanced Digital Literacy:** The program contributed to increased digital literacy among youth, enabling them to use technology more responsibly and effectively.
- Improved Online Safety:** By addressing cybersecurity and online etiquette, the event helped participants develop safer online practices, reducing their vulnerability to digital threats.
- Balanced Technology Use:** The focus on managing screen time and digital addiction promoted healthier technology habits, supporting overall mental and physical well-being.
