Report on Awareness on Science and Society Program

Details of the Event:

Date of the Event	: 28-02-2024
Name of the Event	: Awareness on Science and Society
Venue	: Govt. Model High School, Vanchangiri
No. of Participants	: 28

Objective:

The main objective of this program was to promote the importance of science and its role in shaping society. The event aimed to enhance the participants' understanding of scientific principles, innovations, and how they contribute to societal development, health, and well-being.

Description:

On 28th February 2024, NSS organized the "Awareness on Science and Society" program at Govt. Model High School, Vanchangiri, with 28 participants. The program involved discussions on the impact of science on everyday life, addressing topics such as technological advancements, medical science, and environmental sustainability. Experts delivered talks on various aspects of science, followed by interactive sessions where students actively engaged with the speakers, asking questions and sharing thoughts.

Outcome:

The program successfully enlightened participants on the relationship between science and societal progress. They gained insight into the value of scientific thinking, innovation, and the need for scientific literacy in modern society. The discussions sparked curiosity and encouraged participants to explore careers in science and technology.

Impact on Society:

The event helped participants recognize the pivotal role of science in addressing societal challenges such as climate change, healthcare, and sustainable development. The knowledge shared at the program encouraged students to embrace science and its applications for the betterment of society.
