Impact of Social Media

Details of the Event:

Date of the Event	: 14-11-2024
Name of the Event	: Impact of Social Media
Venue	: AB Government High School
Time	: 12:00 PM – 2:00 PM
No. of Participants	: 21

Objective:

The objective of this program was to educate school children on the positive and negative effects of social media, promote digital literacy, and encourage safe and responsible online behavior.

Description:

On 14th November 2024, the NSS Unit of SR University conducted an Awareness Session on the Impact of social media at AB Government High School. The program was held between 12:00 PM and 2:00 PM with the active participation of 21 NSS volunteers.

Volunteers gave interactive presentations and role-plays to highlight both the benefits (like learning, communication, and awareness) and the risks (like cyberbullying, addiction, and misinformation) associated with social media use. The session encouraged students to ask questions, share their own experiences, and understand the importance of digital well-being.

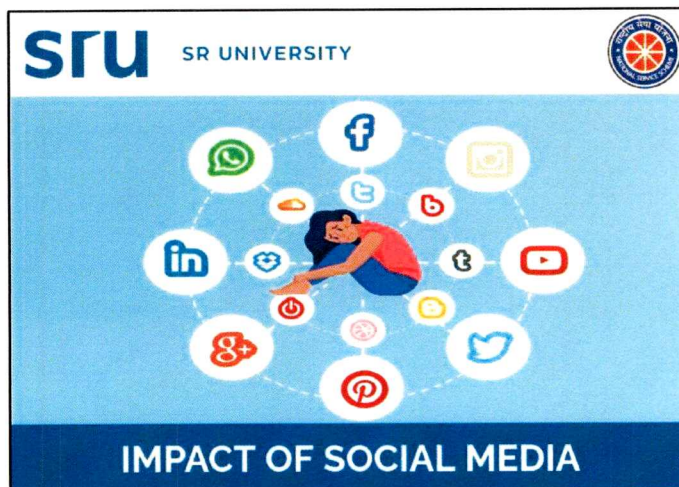

Outcome:

The session enhanced the understanding of safe internet practices among students and made them aware of the psychological and social impacts of excessive or irresponsible use of social platforms. Many students expressed a desire to be more mindful and responsible in their digital presence.

Impact on Society:

By reaching young minds, the program aimed to instill early awareness of social media's influence, helping build digitally responsible citizens. It fostered peer-led communication and encouraged critical thinking regarding online behavior.
