Rain Water Harvesting Awareness Programme

Details of the Event:

| | |
|----------------------------|---|
| Date of the Event | : 31-03-2026 |
| Name of the Event | : Rain Water Harvesting Awareness Programme |
| Place | : Gangadevippalli Village, Warangal |
| Time | : 10:00 am – 12:00 pm |
| No. of Participants | : 43 |

Objectives:

- To create awareness among villagers about the importance of rainwater harvesting and water conservation.
- To educate the community about different methods of rainwater harvesting.
- To promote sustainable use of water resources and reduce water scarcity problems.
- To encourage villagers to adopt rainwater harvesting systems in homes, schools, and agricultural lands.
- To improve groundwater levels and support agriculture through proper water management.
- To develop a sense of environmental responsibility among the public.
- To involve NSS volunteers in community service and environmental protection activities.

Description:

The NSS Unit of SR University organized a Rain Water Harvesting Awareness Programme on 31 March 2026 at Gangadevippalli Village, Warangal under the guidance of Dr. K. Ravindar, NSS Programme Officer. The programme aimed to educate villagers about the importance of saving rainwater and using it effectively to overcome water scarcity problems. During the programme, NSS volunteers explained different rainwater harvesting techniques such as rooftop collection, groundwater recharge methods, and water storage systems.

The dignitaries highlighted the importance of conserving water resources and protecting the environment for future generations. Volunteers interacted with villagers and motivated them to implement rainwater harvesting practices in their daily lives and agricultural activities.

The programme was conducted successfully with active participation from NSS volunteers and positive response from the villagers.

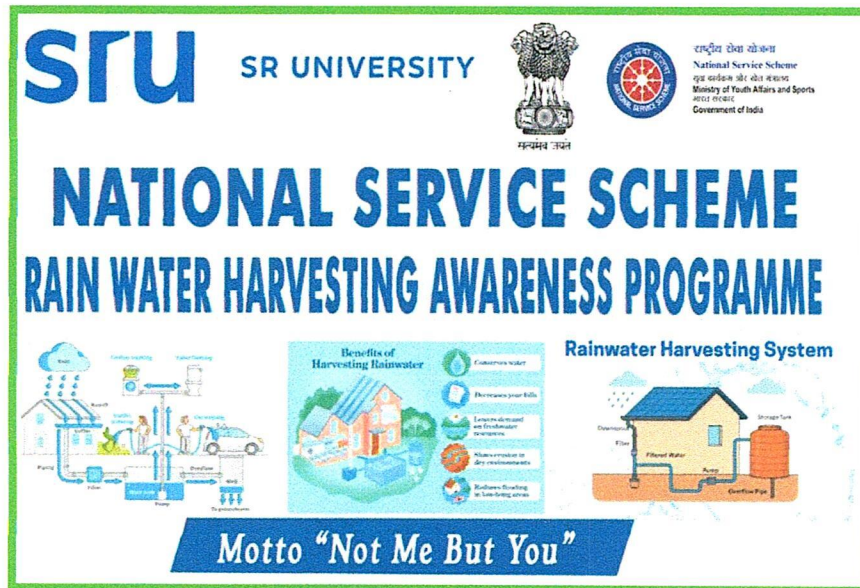

Outcomes:

- Villagers gained knowledge about rainwater harvesting methods and their benefits.
- Awareness about water conservation and environmental protection increased among the public.
- The programme encouraged villagers to adopt rainwater harvesting techniques in their homes and farms.
- NSS volunteers improved their communication and social responsibility skills.
- Community participation increased in sustainable water management practices.
- The programme strengthened the relationship between NSS volunteers and the local community.

Impact on Society:

- Promotes sustainable use of natural resources and helps in water conservation.
- Helps in improving groundwater levels and reducing water scarcity problems.
- Supports agriculture by ensuring availability of water during dry seasons.
- Encourages eco-friendly practices and environmental protection.
- Creates awareness about the importance of saving water for future generations.
- Strengthens community involvement in solving environmental issues.
- Contributes to building a responsible and environmentally conscious society.

SR University NSS Unit Conducts Rainwater Harvesting Awareness Drive

- Dr K. Ravinder, PD, NSS , Program Officer

(Capital information)
Warangal, Mulugu, March 31 : The NSS Unit of SR University organized a Rainwater Harvesting Awareness Programme at Gangadevippalli village on Tuesday, under the guidance of Dr. K. Ravindar, NSS Programme Officer. The programme was attended by Sarpanch K. Swarupa Ramesh as the Chief Guest, while Village Secretary Shravani Kumari participated as Guest of Honour. Karobar Ch. Rajaiah was also present on the occasion. Addressing the gathering, the dignitaries highlighted the importance of rainwater harvesting, water conservation, and sustainable use of natural resources, stressing the need to preserve water for future generations. The primary objective of the programme was to create awareness among villagers about effective rainwater harvesting methods to tackle water scarcity. NSS volunteers actively participated and explained various techniques that help in improving groundwater levels and supporting agricultural activities. During the interaction, volunteers encouraged villagers to adopt rainwater harvesting systems in their homes, educational institutions, and farmlands. The initiative received appreciation from the dignitaries, who commended the NSS team for promoting environmental awareness and sustainable water management. Villagers responded positively and expressed their willingness to implement the suggested practices. The programme concluded successfully with active participation from NSS volunteers under the supervision of Dr. K. Ravindar, Associate Physical Director and NSS Programme Officer of the university.
